

**Sinovuyo Teen Parent Programme
2014 Pilot
Guide for follow up Interviews with Participants (caregivers)
August 2015**

Thank you for agreeing to be interviewed. We appreciate your time in giving us insight into your experience of working with the Sinovuyo Parenting Programme last year. The reason we want to talk to you today is because we are now doing research based on the stories and experiences from both this year and last year's programme. We are interested in your thoughts and stories now as it has been six months since you were involved in the Sinovuyo programme.

This interview won't take more than an hour. Your participation is voluntary and you are free to withdraw if you wish. This will not affect your involvement in Sinovuyo.

Because it is important for us to make sure we record and reproduce correctly the things you say here, we will record the interview. Is this okay?

This interview will help inform our research and publications relating to the qualitative evaluation of the Sinovuyo Parenting Programme. But we will ensure that any views you expressed here will remain confidential. Do we have your consent to proceed?
