UNICEF Innocenti Research Centre
Law Reform and Implementation of the Convention on the Rights of the Child

CORRIGENDUM

Pages 1-2 and page 121 (Annex 1)

For the countries classified under Islamic States
The category of Islamic States includes countries where Islam is the state religion, or to countries whose constitution identifies the State as Islamic or identifies Islam as the main source of law.

Lebanon was incorrectly included in the selection concerning Islamic States.

States whose population is predominantly Muslim but who do not meet these criteria are included in the appropriate geographical group.
